Fair and Personal Analysis: The concept of Fair and personal Analysis describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, and/or specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs. The number of providers that constitutes 'sufficiently large' will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could be reasonably expected of a professional conducting business, taking into account the accessibility of information and product placement to intermediaries and the cost of the search.

In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair and personal analysis of the market, we will consider the following criteria:

- The needs of the customer;
- The size of the customer order;
- The number of providers in the market that deal with brokers;
- The market share of each of those providers;
- The number of relevant products available from each provider;
- The availability of information about the products;
- The quality of the product and the service provided by the provider;
- Cost and
- any other relevant consideration.

Personal & Commercial General Insurance – Non Life: Hastings Insurance (Dublin) Ltd may provide advice on and arrange products in relation to General (non-life) Insurance products including but not limited to: Household (Owner Occupied, Rental, Holiday Homes), Private Motor, Commercial Motor, Marine, Farm, Travel, Gadget, Key, Commercial Property and Commercial Liabilities, Professional Indemnity, Motor Fleet, Goods In Transit, Office/Shop and other related products. Hastings Insurance (Dublin) Ltd normally provides general insurance (non-life) on a fair and personal analysis basis. In certain circumstances Hastings Insurance (Dublin) Ltd may recommend a product or service based on a limited analysis basis and this will be disclosed to you, i.e. providing services on the basis of a limited number of contracts within the market.

Optional Cover: From time to time we may offer optional cover to enhance the cover of a product, not included in the policy offered by the provider. You do not have to purchase any optional cover in order to buy the main product or service. Policy wording and further information concerning optional extras is available on request.

We may also offer assistance to you in relation to processing claims on policies taken out with us and in seeking renewal terms on your cover.

To ensure continuity of cover, where you have an existing policy which is due to expire and where we have been unable to contact you, we may put continuing cover in force whilst awaiting your instructions. You will be liable for any premiums payable to the relevant insurer for the period of time between renewal and when we receive your instruction. You have the right not to avail of this service.

Life, Pensions & Insurance Based Investment Products (IBIPS): Hastings Life & Pensions Ltd provide life assurance cover, serious illness cover, income protection and pension advice on a fair and personal analysis basis ie, providing services on the basis of a sufficiently large number of contracts and product producers available on the market to enable us to make a recommendation, in accordance with professional criteria, regarding which contract would be adequate to meet your needs. Hastings Life & Pensions Ltd will provide assistance to you for any queries you have in relation to the policies or in the event of a claim during the life of the policy and we will explain to you the various restrictions, conditions and exclusions attached to your policy. However, it is your responsibility to read the policy documents, literature and brochures to ensure that you understand the nature of the policy cover, particularly in relation to permanent health insurance and serious illness policies. Specifically, on the subject of permanent health insurance policies, it is our policy to explain to you a) the meaning of disability as defined in the policy; b) the benefits available under the policy; c) the general exclusions that apply to the policy; and d) the reductions applied to the benefit where there are disability payments from other sources. For a serious illness policy, we will explain clearly to you the restrictions, conditions and general exclusions that attach to the policy. In the case of Insurance Based Investment Products, ongoing suitability assessments form part of the service to clients. On an annual basis, Hastings Life & Pensions Ltd will issue a client report outlining any changes in the services or instruments involved and/or any change in circumstances.

Sustainability Factors – Life, Pensions & Insurance Based Investment Products (IBIPS): In accordance with the Sustainable Finance Disclosure Regulation ('SFDR'), Hastings Life & Pensions Ltd inform you that when providing advice, we do not assess, in addition to relevant financial risks, relevant sustainability risks as far as this information is available in relation the products proposed/advised on. This means that we do not assess environmental, social or governance events/conditions that, if they occur, could have a material negative impact on the value of the investment.

When providing advice we do not consider the impacts of our advice that result in negative effects on sustainability factors (namely environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters), because currently there is limited relevant products on the market which meet these criteria. The area of sustainable is relatively new and as the issue progresses, we will review our position. Hastings Life & Pensions Ltd will review this approach on an annual basis in January each year.

We have not assessed the likely impacts of sustainability risks on the returns since we have not been able to identify any sustainability risks that are relevant.

Regular Reviews: It is in your best interests that you review, on a regular basis, the products we have arranged for you. As your circumstances change, your needs may change which may result in having insufficient insurance cover and/or inappropriate investments. We would therefore advise that you contact us to ensure that you are provided with up to date advice and products best suited to your needs.

Policy Documentation: Following inception of cover we will issue a policy document from the Insurer which sets out in detail the conditions applicable, operation, endorsements, terms and conditions, exceptions and warranties included. We strongly recommend that you read this document carefully and contact us in the event you require any clarification of the details therein.

Continuity of Cover: In most circumstances cover will not automatically continue past the expiry of insurance period date. You should contact us ahead of the expiry date of your existing policy in relation to continuity of cover. If your policy is paid on direct debit through the Insurer Provider, the direct debit may be automatically rolled over unless you inform us otherwise.

Remuneration: We may earn our remuneration on the basis of a fee, commission and any other type of remuneration, including a non-monetary benefit or on the basis of a combination of these methods. A non-monetary benefit will only be accepted if it enhances the quality of the services to our clients. You may choose to pay in full for our services by means of a fee (refer to 'Schedule of Fees & Charges'). Where we receive recurring commission, this forms part of the remuneration for initial advice and/or for renewal of the policy. We reserve the right to charge additional fees if the number of hours relating to on-going advice/assistance exceeds two hours. A summary of the details of fees charged, commission, other reward or remuneration paid or provided to us which we have agreed with product providers is available in our office or on our website – www.nti.ie

In certain circumstances, it may be necessary to charge a fee for services provided. These are listed below for life, pensions & investments and non-life business. In other circumstances where fees are chargeable or where you choose to pay in full for our service by fee, we will notify you in writing in advance and agree the scale of fees to be charged if different from fees outlined below. Where it is not possible to provide the exact amount, we will provide you with the method of calculation of the fee. If we receive commission from a product provider, this may be offset against the fee which we may charge you. Where the commission is greater than the fee due, the commission may become the amount payable to us unless an arrangement to the contrary is made.

In some cases we may be granted authority from an insurance undertaking to conduct tasks on their behalf, for which we will be remunerated. Where we place your business with this insurance undertaking under this authority you will be notified in advance of the placement.

We may receive payments from product providers for work transferred to us which we do on their behalf and we may be party to profit-share arrangements with product providers and may earn additional commissions. We may disclose (and will do so on request) these payments to you if they specifically relate to your policies. Any business arranged with these product providers on a client's behalf will be placed with the product provider because that product provider is at the time of placement, suitable to meet the client's requirements, taking the client's relevant information, demands and needs into account.

Premium Finance: It may be possible for Hastings Insurance (Dublin) Ltd to arrange insurance finance on your behalf. We may receive commission payments from a finance provider in respect of such finance agreements. Details of commissions received by us from insurance finance providers are available on request. In the event of credit facilities being provided directly by us, an agreement will be issued by us setting out details of applicable interest rates and charges as well as the general terms of any such agreement. Please ensure that you read, understand and adhere to the terms of any finance agreement. We accept no responsibility for any refusal by a finance provider to offer credit or for the consequences of defaults or delayed payments.

Clawback: If we receive commission from a product provider but the commission is subsequently clawed-back by the provider because of early encashment by you or because of the transferring of the assets or business to another provider or in any circumstances consequent on your actions or omissions, we may charge a fee to you that is equal to the clawed-back commission.

These include the following and are not exhaustive. Please refer to the Act at <http://www.irishstatutebook.ie/>:

- Any clause in a contract of insurance that refers to a "material change" shall be interpreted as referring to changes that take the risk outside that which was within the reasonable contemplation of the contracting parties when the contract of insurance was concluded.
- An insurer may refuse a claim made by you under a contract of insurance where there is a change in the risk insured, including as described in an "alteration of risk" clause, and the circumstances have so changed that it has effectively changed the risk to one which the insurer has not agreed to cover
- The consumer must cooperate with the insurer in an investigation of insured events including responding to reasonable requests for information in an honest and reasonably careful manner and must notify the insurer of the occurrence of an insured event in a reasonable time.
- The consumer must notify the insurer of a claim within a reasonable time, or otherwise in accordance with the terms of the contract of insurance.
- If the consumer becomes aware after a claim is made of information that would either support or prejudice the claim, they are under a duty to disclose it. (The insurer is under the same duty).
- If the consumer makes a false or misleading claim in any material respect (and knows it to be false or misleading or consciously disregards whether it is) the insurer is entitled to refuse to pay and to terminate the contract.

- Where an insurer becomes aware that a consumer has made a fraudulent claim, they may notify the consumer advising that they are voiding the contract of insurance, and it will be treated as being terminated from the date of the submission of the fraudulent claim. The insurer may refuse all liability in respect of any claim made after the date of the fraudulent act, and the insurer is under no obligation to return any of the premiums paid under the contract.
- If, in respect of the insurance contract, the insurer is not obliged to pay the full claims settlement amount until any repair, replacement or reinstatement work is completed and specified documents for the work have been furnished to the insurer, the claim settlement deferment amount cannot exceed:
 - 5% of the settlement amount where the claim settlement amount is less than €40,000 or
 - 10% of the settlement amount where the claim settlement amount is more than €40,000

(A “consumer” has the meaning given to it by paragraph (a) of the definition of that expression (as it is defined in relation to a financial service) in section 2(1) of the Financial Services and Pensions Ombudsman Act 2017 but, for the purposes of this Act, that paragraph (a) shall apply as if references in it to “financial service” and “financial service provider” were construed, respectively, as references to “consumer insurance contract” and “insurer” within the meaning of this Act).

Under the Consumer Insurance Contracts Act 2019, a consumer may cancel a contract of insurance, by giving notice in writing to the insurer, within 14 working days after the date the consumer was informed that the contract is concluded. The insurer cannot impose any costs on the consumer other than the cost of the premium for the period of cover. This does not affect the notice periods provided under other relevant legislation (e.g. The European Union (Insurance and Reinsurance) Regulations 2018 (SI No. 485 of 2015) or the European Communities (Distance Marketing of Consumer Financial Services) Regulations 2004 (SI No. 853 of 2004) which is 30 days in respect of life policies, irrespective of whether the sale took place on a non-face to face basis, and 14 days in respect of general policies and only on sales that took place on a non-face to face basis (distance sales). The right of giving notice of cancellation by you will have the effect of releasing you from any further obligation arising from the contract of insurance. The insurer cannot impose any costs on you other than the cost of the premium for the period of cover. The right to cancel does not apply where, in respect of life insurance, the contract is for a duration of six months or less, or in respect of general insurance, the duration of the contract is less than one month. You are under a duty to pay your premium within a reasonable time, or otherwise in accordance with the terms of the contract of insurance. A court of competent authority can reduce the pay-out to you where you are in breach of your duties under the Act, in proportion to the breach involved. You, the customer can apply to cancel your policy outside the cooling off period at any time by giving notice to us in writing. Policy cancellation is subject to the terms and conditions of your policy. Please note that any fee charged at inception of a policy will not be refunded in the event of cancellation.
